On

## Optically-isotropic Liquid Crystals and Devices

to be published in a

**Special Section in the *Journal of the SID***

The *Journal of the SID (JSID)* is soliciting original contributed papers describing advances in Optically- isotropic Liquid Crystals and Devices, to be published in the first quarter of 2012..

Suggested sub topical areas include:

- **New blue-phase liquid crystals**
- **Polymer-stabilization processes**
- **Device physics**
- **Device performance improvement**
- **Applications**
- **Display prototype development**

**Guest Editors** for this Special Section are **Prof. Harry Coles**, University of Cambridge, UK, **Prof. Yi-Hsin Lin**, National Chiao Tung University, Taiwan, and **Prof. Qiong-Hua Wang**, Sichuan University, China.

Authors are invited to submit manuscripts online in electronic files to the **JSID by following the instructions listed under the Information for Authors tab on the JSID Web page**, or at <http://sid.aip.org/jsid>. Authors submitting their manuscript must identify their manuscripts as being submitted for the Special Section on Optically- isotropic Liquid Crystals and Devices and by naming one of the three guest editors. The **Information for Authors** document provides a complete set of guidelines and requirements required for the preparation and submission of a manuscript.

**Deadline for the submission of manuscripts is: **October 1, 2011**.**

All inquiries should be addressed to Prof. Harry Coles, Email: [hjc37@cam.ac.uk](mailto:hjc37@cam.ac.uk)
