

Preliminary Table of Contents for SID Proceedings 1969-1988

(with few exceptions companies not listed)

Author Legend: Name* = sole author

Name without * = one of one or more of the co-authors of the paper

Name * et al = lead author with one or more co-authors

Technology Legend	amd - active matrix; apv - applied vision; crt - cathode ray tube; dsy - display system
	dme - measurements; gra - graphics; ip - image processing; lc - liquid crystal; led - light emitting diode;
	nlc - non-LC flat panel; opt - optics; pl - plasma; prj - projection; prn - printer; sur - surveys, patents
