

CALL FOR PAPERS

14th Annual Symposium on Vehicle Displays

Vehicles and Photons 2007

October 11-12, 2007, University of Michigan-Dearborn, Dearborn, MI

The Detroit Chapter of the Society for Information Display sponsors this technical symposium to bring together scientists and engineers from the display technology, photonics, and vehicle systems communities.

Contributed papers are solicited in the following areas:

- **Display technologies applicable to vehicular applications,**
 - New developments in display technologies and FPD Components (includes, but not limited to OLED, LCD, VFD, MEMs, HUD/transparent/flexible displays, etc.),
 - Optical Components and Issues (optical coating, haze, high ambient contrast, luminance & color uniformity, optical modeling),
- **Human-Vehicle-Interface,**
 - Display legibility, visual information issues, driver distraction, driver inputs, human factors issues, optical; capacitive; and tactile interaction,
- **Lighting technologies** applicable to vehicular implementations,
- **Organic and flexible electronics** opportunities and developments, including both display and non-display technology
- **Nano-materials including nanotechnology** for device development and potential applications of nano-materials to display and vehicle related applications
- **System Solutions for in car integration and interfaces** (includes but not limited to Heads Up Display, Night Vision, Navigation, Multi-Media / Rear Seat Entertainment)
 - Displays & Controls
- **Simulations & Modeling** related to displays & controls
- **Display Metrology**

All interested authors are invited to submit extended abstracts for presentations, particularly in the areas noted above. The deadline for receipt of abstracts is July 20, 2007. Authors will be notified by August 3, 2007. Authors of accepted papers are expected to submit a complete paper for inclusion in the Conference Book that will be distributed to all attendees at the Symposium. The deadline for receipt of papers is August 31, 2007. All presentations will be collected at the Symposium for inclusion in a CD-ROM that will be distributed to all attendees after the Symposium.

PLEASE SUBMIT A ONE PAGE ABSTRACT TO:

Mark Goldfarb
Vehicle Display 2007
411 Lafayette Street, Suite 201
